

CUTS STEEL STRAPS, PP AND PET STRAPS
STRAP CUTTER CBC

Strap Cutter CBC

Facilitates collecting of straps for recycling. Cuts steel straps up to max 32 mm width into 85 mm length. Shred steel straps, PP and PET straps, nearly all straps incl. seals.

Function

The strap cutter is placed on top of an open and empty barrel. The function is simple – feed in the strap a bit and the machine cuts the whole length. The knives, when getting worn, can be rotated four times before they need to be replaced.

Options

- Sound insulation kit
- Automatic start and stop
